Covid 19 Update 16th December 2021

Following on from my Covid 19 update on the 10th December, I can confirm some additional measures to be added to the existing controls at the Golden Boar to protect you, your families and our staff.

Since the 3rd December 2021

1. At the start of their shift all staff register their temperature. If anyone's temperature is **38c or above**, they are requested to return home and follow the NHS advice.
- 2 Staff are encouraged to take at least two Lateral Flow tests per week.
- 3 Staff have been instructed to deliver customer's drinks to their table using a tray and encourage customers to take their drinks from tray.
- 4 Prior to seating new customers at a table, staff are instructed to sanitise the table and chairs.
- 5 Staff have been instructed to ensure there is always a sufficient supply of hand sanitiser at the main entrance to the building
- 6 If customers ask to leave their details, we will keep them for 14 days and commit to notify them if any report of Covid at the Golden Boar occurs.

Additional measures from 16th December 2021

- 7 The number of guests has now been reduced by 40% of our normal capacity

Voluntary measures by customers

- 7 Customers will be asked to have their temperature taken upon accessing the premises
- 8 Customers will be asked to register their contact details.
- 9 Adhere to SOCIAL DISTANCING

What else?

Although face coverings are not mandatory at the Golden Boar, staff or customers have the option to wear them.

Foot door openers are fitted to toilet doors to reduce the need to use hand operated door handles.

The Golden Boar is a well-ventilated building with an abundance of space and if you require additional distance from other customers and we can accommodate, we will.

For large parties, there is also the opportunity to use the conservatory or the marquee

Finally, if you are attending the Golden Boar or in fact any social gathering, the government advice is to have a lateral flow test prior to your visit.

In the meantime, if you have any queries, please do not hesitate to contact me.

Yours faithfully

Dave Taylor
